

THOUGHTS FROM PAST AWARD RECIPIENTS

"I don't do what I do in order to get recognition but it sure was nice to know someone notices."

"I was overwhelmed that my colleagues would nominate me for this award."

"I love middle schoolers and what I do each day."

"As a para-educator I just try to do my best to help the teachers and the students. To get this award means a lot - what I do must matter to someone."

"Being a substitute in a middle school could be a huge struggle. But I love it. I take my own bag of tricks to fill any time that might be left and the students are excited to see me in their class. I really appreciated the staff at the school nominating me for this award."

"It is a phenomenal feeling to have a fellow teammate nominate you for this special award recognizing your efforts as a middle school teacher."
